BOY'S RIGHT HAND VALUED AT \$5,277

(Concluded from Page 5.)

The case of the Aspell Peanut company against Stapler & Co. was marked off the list, the plaintiff's attorney, Mr. Ross, showing that it had erroneously been ordered on, after judgment had been obtained for the want of a sufficient affidavit of defense.

In the case of G. A. Fuller against Julius Ezerocky, the rule to strike off appeal was made absolute.

Township Makes Answer.

Figures do not lie—of their own accord, but that they can be made to convey a false impression is patent from a comparison of the amounts filed respectively by the borough of Moosic and Lackawanna township in the matter of the division of the district school property.

The statement filed some weeks ago by the borough indicated that just about half the school property of the former Lackawanna township district was included within the limits of the new borough of Moosic, and that on the basis of valuation, population and the like this was not an undue proportion.

The response of the Lackawanna township, filed yesterday by Attorney M. J. Donahoe, characterizes this statement as false, erroneous and intended to mislead and bias the court, and then goes on to give the really, truly statement.

The valuation of the whole district, the statement avers, is \$1,030,432. The valuation of the part comprised within Moosic borough is \$278,899. The valuation of the territory remaining in Lackawanna township, therefore, is \$751,533. The total value of school property in the whole district is \$745,445 and within the limits of Moosic \$26,170 worth of it is located, leaving only \$11,255 worth as the portion of the township.

If the property was distributed on the basis of valuation, it is contended Moosic would be entitled to only \$9,730, and having taken \$26,170, has now \$16,440 in excess of what it is entitled to. Consequently, the court is asked to decree that Moosic shall pay over to Lackawanna the sum of \$16,440 plus Moosic's pro rata share of the district's \$12,000 indebtedness, to make its pro rata share of the \$6,075.81 cash in the hands of the township treasurer at the time the borough seceded, December 9, 1898. This is equivalent to asking the borough to pay \$17,922 for the privilege of escaping from Lackawanna township.

Wanted an Injunction.

John W. James, through his attorney, C. Conroy, yesterday asked Judge John P. Kelly for an injunction to restrain the city treasurer and city collector from selling certain properties next Monday for unpaid city taxes. James made the application as a taxpayer in general, and in behalf, alleging that the act of 1889, under which the sale is to be made, is unconstitutional.

City Solicitor Vosburg opposed the application, holding that James could not sue as taxpayer, and that his objection to the collection of taxes from any one save himself. A taxpayer may object, Mr. Vosburg said, to the way taxes are disbursed, but he can hardly make objection to the collection of taxes which are to be used for his benefit. Judge Kelly said he would prefer to have the matter heard by the full bench and the application will be renewed Monday. There are upwards of twenty-five properties to be sold Monday because of unpaid taxes, and if Mr. James' application is allowed none of these can be sold for the present at least.

An application was made for an injunction as to Mr. James' own case, and it was granted and made returnable to argument court.

THE FIGHTING CONRADS.

The Third Generation of Them in the Service of His Country.

Among the recruits who passed the critical inspection of the sergeant and the doctor in the library building yesterday was Ernest Conrad, of New London, Susquehanna county. The young man is 27 years of age, and which time has been spent on his father's farm. He is bound for the Philippines.

He comes of a fighting race, three generations of his family having served the country in the infantry arm of the service. His father, Rufus Conrad, served through the rebellion, while his grandfather, Adam Conrad, served through the war of 1812, as well as through the civil war. This descendant of the fighting Conrads is proud of the military records of his ancestors, and hopes to emulate their valorous services to his country.

THIRD ANNUAL BANQUET.

Principals of City Schools to Dine at the Jermyn.

The principals of the various public schools will have their third annual banquet on Saturday evening at 6 o'clock in Hotel Jermyn, and the committee in charge promise that it will be the most successful one ever held.

Prof. D. A. Stone, of No. 23, will preside as toastmaster and will be introduced by Prof. H. Kemmerling, the president of the Principals' Round Table society. Toasts will be responded to by Prof. Grant, of the High school, Superintendent of Schools Howell and Prof. J. B. Hawker, of No. 27.

Loan Association Hearing.

Harrisburg, May 29.—Attorney General Egan and Banking Commissioner Powers gave a joint hearing today to the attorneys for several building and loan associations on the question as to the right of these associations to do a life insurance business in connection with the loan and investment work. Mr. Egan promised to give an early decision.

Reduced Rates to Camden, Ind., via Pennsylvania Railroad.

For meeting of Old Order of German Baptist Brethren at Camden, Ind., June 3 to 8, 1900, the Pennsylvania Railroad company will sell, from May 31 to June 1, inclusive, excursion tickets to Camden, Ind., from stations on its line west of Baltimore, Md. (not inclusive), west of and including Lancaster and Reading, and from stations south of and including Sunbury, at rate of one first-class limited fare for the round trip. Tickets will be good returning until July 8, inclusive.

PAY OF SPELLMAN AND JONES.

Mayor Credits Them with Only Seventeen Days For May.

Mayor Mohr in sending in the May time of the various police officers yesterday, credited Lieutenant Spellman and Patrolman I. F. Jones with only seventeen days each, or up to the Thursday night that both were removed by him from the force.

The local court recently decided in a litigation growing out of an effort made by ex-Patrolmen Dyer and Saul to recover salary due them from the time of their removal from the force until said removal was confirmed by select council, that they were entitled to such salary, and that under the law not being allowed to remove officers without the concurrence of council.

It was learned yesterday that City Solicitor Vosburg, acting under instructions from the mayor, has appealed from this decision to the Superior court. An effort was made early this year to have a resolution adopted by council directing that this appeal be taken, but the resolution was killed. As the Superior court does not meet again until next fall, it is reasonable to suppose that Spellman and Jones will have to wait until a decision is handed down in the case.

LIVE NEWS OF THE INDUSTRIAL WORLD

PROBABILITY OF A BRANCH TO LAKE WINOLA.

Party of Lackawanna Officials and Local Men Were Over the Proposed Route Yesterday—Another Effort to Bring the Strike at the Mt. Pleasant to an End Has Been Without Result—Small Stores Are Being Erected on Wyoming Avenue—The Board for Today.

Several officials of the Lackawanna railroad went to Factoryville yesterday and were driven over the six miles of road to Lake Winola for the purpose of determining the advantages of a branch to this popular resort. The syndicate which recently purchased a tract of land on the shores of the lake are desirous of securing better railroad facilities for reaching Winola and invited the officials to look over the land.

In the party were General Superintendent E. C. Russell, Superintendent of Transportation J. M. Daly, Division Superintendent A. C. Salisbury, Division Freight Agent Ten Brook and Superintendent Hadley, of the Delaware, Lackawanna and Western company; Dr. W. A. Paine, Dr. F. E. Struppier, A. M. Morse and E. M. Morse. The party returned last evening, very much pleased with the advantages offered, and in all probability the matter will be suggested to President Treadwell.

Offer Not Satisfactory.

The employees of the Mt. Pleasant mines, who have been on strike for several weeks, sent a committee to confer with Superintendent Neale on Monday for the purpose of trying to arrange a settlement of the trouble which is responsible for the suspension of operations, but the company's offer was again rejected and the men are still persistent in their refusal to resume work.

The company's proposition was for fifteen cars of coal to one keg of powder in any part of the mine if necessary, and more pay for yardage on cross-cuts. Superintendent Neale stated to the members of the committee that he would make the same proposition to the strikers if the committee would call a meeting of the strikers only. The men do not favor the above offer and will refuse to accept it.

New Stores on Wyoming Avenue.

The executors of the Blair estate have awarded a contract to Ezra Finn's Sons for the erection of a row of one-story frame buildings on the site of the old Young Men's Christian association building on Wyoming avenue. The fronts will be fitted up with plate glass and the sidewalk will be improved with flagstones.

Lackawanna Officials' Offices.

The new quarters to be occupied by Superintendent Daly and his clerical force over Hanley's dining rooms are nearly ready for occupancy, and will be opened the first of next week. Carpenters and painters have transformed the old car accountants' quarters into splendid office rooms and extended the main hall through the entire room.

Superintendent Russell and his clerks will occupy the rooms now used by Superintendent Daly, and the latter will vacate the latter part of this week.

D. L. & W. Board for Today.

Following is the make-up of the Delaware, Lackawanna and Western board for today:

8 p. m.—G. T. Staples, Tuesday, May 29.

8 p. m.—C. Townsend.

Thursday, May 31.

HIGH SCHOOL NOTES.

The graduating class of this year is intent upon being remembered in coming years, as is shown by the liberal manner in which every member of the class contributed toward the purchasing of a suitable present to leave with the high school. Monday morning there stood on the platform three magnificent busts of three most prominent writers in the world's history, namely, Homer, Virgil and Shakespeare. The presentation speech made by Mr. Killen was a splendid effort. He stated that in thus bestowing upon the institution the gifts, the graduating class wished to leave an impression upon the minds of the students who succeed them; that they have appreciated the instruction which they have received during the four years work. Furthermore, that other graduating classes might follow their example and leave some token for the esteem in which they hold the great high school. Professor Grant made some fitting remarks in reception of the gifts. The busts of Homer and Virgil are placed on either side of the main entrance to the auditorium and in plain sight of every person entering the building. It has not yet been fully decided in what part of the school the bust of Shakespeare will be placed.

It may be of interest to Scrantonians and especially students of the High school to know that a graduate of the school took a prominent part in the study of the recent eclipse. The gentleman was Professor Frank B. Little, who was graduated in the class of '85 and is now a valued employee of the government in the National observatory at Washington. Mr. Little made some of the astronomes sent by the government to equip the field for the official observations of the eclipse at Barrowville, Ga. This a very difficult operation and requires a man who was a complete knowledge not only of astronomy, but also of mathematics. This fact is noteworthy not only because of the professor's having been former student of the High school, but because he has worked himself up from the position of teacher of mathematics to a very exalted position under our government. Louis B. Stillwell, who is the great electrical engineer in charge of the largest power house in the world, situated at Niagara Falls, is also a graduate of the High school in the class of '85. At the present writing Mr. Stillwell is in consultation with some of the greatest electricians of the Pacific coast.

A meeting of the Literary society was called yesterday, but nothing of any importance was done, as it was claimed that the meeting was called by persons having no authority to do so.

The class of '01 will be the first class who entered the new High school in their freshman year and completed the course. This will mark the fourth year after the new building's erection, and the class which now leaves will be a fair test of what the High school training has accomplished.

ADVERTISED LETTERS.

List of letters remaining unclaimed for at the Scranton postoffice, Lackawanna county, Pa., May 30, 1900. Persons calling for these letters will please say advertised and give date of list.
